Description:

N-S running foundation for wall made of roughly worked large blocks of basalt. E side roughly faced. One course preserved as evident from section created by 2206

Sketch (if applicable, indicate North)

INTERPRETATION

N-S running foundation of wall (not preserved). Made of mostly large roughly worked basalt blocks. On E side flat parts of block aligned in a rough facing. Abutted by E-W running foundation 2249 on S. Wall which covered foundation would have formed the E boundary of the second room from the W on the N side of the 2nd c. BCE "house" (Room C2). N part of wall heavily truncated by drainage ditch 2206 but line up with corner of wall 2203 to the N. Possible cut for a foundation trench visible on E side of 2248 (NOT DOCUMENTED).
