Description:

Corner of E-W running foundation for a wall. Made of cobble to boulder-sized unworked basalt rubble. Abuts foundation 2248 to the N + clearly truncated on E. One course preserved.

Sketch (if applicable, indicate North)

See sketch For 2248.

**INTERPRETATION**

E-W running foundation for a wall (not preserved), made of medium-sized (cobble to small boulder-sized) unworked basalt rubble. Abuts foundation 2248 on the N, which is made of larger, more carefully aligned, roughly worked basalt + seems to have a cut for a foundation trench visible on E side. No sign of a foundation trench cut around 2249, however, 2249 appears to be truncated on E side. Wall above 2249 formed one of the walls of the Z.c. BLE "house" along with the wall above 2248 - both are covered by the floor preparation 2207.
