Description:

Rubble wall between road and robbing trench. Continues north of the drainage trench.

Sketch (if applicable, indicate North)

INTERPRETATION

Rubble wall that is placed between the road and the southern house in Area C. Likely a retaining wall built at a later date after the basalt wall next to it had already been robbed. Continues north of the drainage trench, 2216. Wall probably continues south but attempts to find the S limits are unsuccessful, further south, similar rubble can be seen jutting from the W excavation limit, may be a continuation.
