Description:

Wall of irregularly worked tufo blocks, similar to 2264, foundation, its trench is deeper than 2264 which runs perpendicular.

Sketch (if applicable, indicate North)

INTERPRETATION

A tufo foundation wall running perpendicular to 2264, and parallel to large tufo blocks 2262, and the eastern basalt road in Area E, 4010. Maybe a foundation for a sidewalk, as the road curves ^{TO THE EAST} from its N-S course. The trench for 2268 is deeper than for 2264, so two separate trenches were most likely dug, maybe 2264 earlier and 2268 later.
