Description:

Single course wall foundation. Disturbed by likely robbing activity. Irregular blocks

INTERPRETATION

This SU is a segment of the wall continued by SU 2291 and SU 2292 on the north. There are robbing cuts on either side of the wall segment (SU 2293 and SU 2294). The wall alignment suits the orientation of the 2nd house, but the construction technique fits the retaining wall for the road in Area E, which makes a solid interpretation at this time ambiguous.
