Description:

Single red tufo block that is abutted by the pavement 5436 on the south side, which extends into a recess in the block.

Sketch (if applicable, indicate North)

**INTERPRETATION**

This tufo block would have made up a wall running E-W, abutting the other ashlar wall 5437. This wall would have been the northern limit of the Room, walls SW 5437, 5438 + possibly 5437 create. Only this block is left of the wall but there are similar structures on the west side of the ramp to indicate there would have been a wall running E-W, also it clearly creates a corner with 5437.
